## CHEESE BOXES PRODUCTION LINE

from 25 to 50 boxes / min

 Made in FRANCE

« VARIO manufacturing line,  
high speed production of cheese boxes »

- VARIO is dedicated to the production of cardboard boxes composed of a thick base and a peripheral strip. Base and strip are loaded manually into loaders, from which they are picked up automatically for assembling.
- Assembling of strip on base is made by hot-melt gluing, thickness of base to be 2 mm minimum.
- Boxes may have square, rectangular or round shape. Any other shape may require prototyping tests first for feasibility approval.
- VARIO is available in 2 configurations (VARIO-I or VARIO-II), depending on box design and speed required.
